

Monomando corto para lavabo LIA®

The diagram illustrates the exploded view of a faucet assembly. On the left, three inset images provide additional details: a perspective view of the faucet handle, a side view showing a height of 109 mm and a base diameter of $\varnothing 46$, and a front view showing a height of 179 mm and a base diameter of $\varnothing 36$. The main exploded view shows the following components from top to bottom: a black faucet handle, a black O-ring, a brass-colored hex nut, a black cap screw (labeled 1), a black faucet body, a black O-ring, a black O-ring, a brass-colored hex nut, a long threaded rod, a black C-shaped bracket, and a black C-shaped bracket. On the right, two long, perforated metal rods (labeled 2) are shown, which are part of the faucet's internal structure.
